Discuss each of these questions in your group and write down your responses.

- What community of practice (COP) is identified in the case study?

  _____

- What other possible communities of practice might exist in this region? Consider the various issues and concerns listed in the case study booklet. A COP might be narrowly focused on a specific domain. Or it might have a more general focus.

  _____

- List two ways that members of a COP might interact to share expertise as a group?

  _____

- Who is filling the role of technology steward in the case study?

  _____

- Who else might be able to fill the role of technology steward in the case study?
  - Who understands the community well? Who is trusted?
  - Who is likely to be paying attention to ICT use in the community?

  _____
