## Worksheet 3.1: Matching Activities with ICT Tools

Refer to your Use Case Diagram from Session 2 write down the campaign goal you created in the previous session:

Now use the Tools Landscape graph to circle *all of tools* that can support the activities that were identified in your use case scenario. You can add tools that aren't on the graph if necessary.

supports participation

individual

short message service (sms)

micro blogging (Twitter)

email

telephony (voice)

email group list

group chat
